LOCAL MATTERS.

Good fishing is reported at Moosehead Lake and numerous fishing parties are trying the sport.

There will be a social and supper at G. A. R. Hall this evening under the auspices of the W. R. C.

Monday the fish and game committee gave a hearing relative to the closing of Wilson ponds for a good part of the year. The hearing was held at Moosehead Inn, Greenville Junction.

Passengers and train men on the down Bangor & Aroostook train yesterday forenoon were interested by the appearance of a deer in a field between La Grange and South La Grange. The animal ran along near the train some distance and was then lost sight of.

The rumors in circulation here Sunday evening with reference to a row at Perkins' landing, Bangor, were entirely unfounded. The fight was at Newman's landing, formerly called Landers' landing, where a man from the provinces by the name of Perkins had his ankle sprained but no leg broken. There is no place on the lake that is now called Perkins' landing.

A party of gas engineers from Boston and vicinity is at Bangor for a week's fishing trip. This is the fourth year this party has been at the lake. The members had a special car from Boston, and there will be known gas engineers make up the party: F. W. Thomas, Boston; H. A. Wood, Plymouth; H. B. Leavitt, Taunton; F. W. Lawrence, Boston; F. M. Hammond, Boston; W. H. Spaulding, Clinton; C. S. Spaulding, Wakefield; H. A. Norton, Boston; H. L. Wilson, Boston; T. F. Hattie, Chelsea; Dr. Almon Cooper, Alton; H. L. Wardwell, Boston; W. H. Hayden, Bath, Me.; F. I. Davis, Boston.

Flourished a Revolver.

Last evening as Capt. Faber, of the night police force, was riding down State street in the patrol wagon, he saw some hobos in the vicinity of the Maine Central depot. He saw a man on the sidewalk apparently intoxicated and flourishing a revolver in a dangerous manner. Capt. Faber quickly leaped from the wagon, seized the man and took the revolver away from him. He then bundled the man into the patrol, took him to the police station and locked him up.

The revolver floundered gave the name of Andrew Brown, of New York.

Water Board Meeting.

A regular meeting of the Water Board held yesterday afternoon at 3 o'clock at the Aldermen's room, City Hall, with all the members present. It was voted to extend the water main from Ohio to Fifteenth street. Various matters pertaining to the water board were in progress were discussed at length.

A cargo of iron pipe has been received from New York and is now being laid. There has been laid 2,000 feet of six inch pipe on Ohio, Fifteenth and Sixteenth streets and Pier street will receive 500 feet and Date street 1,000 feet. Hydrants will be put in service along these streets.

Won the Medal.

Mr. George W. Merrill was one of the survivors of the old Maine military company, the Portland Light Infantry, which, on Saturday, celebrated its 81st anniversary in this city. The Portland Express has the following:

In connection with the present celebration of the anniversary of the company the following extract from the records of the company is of interest: "June 10th, 1815, the company met this day in consequence of the 6th being the Sabbath, to celebrate its 27th anniversary. The company was organized on the 10th of June, 1815, and the company marched to the canal where the packet boat, George Washington, was taken to Stroudwater bridge, where the company was served at Captain Smith's house, after which target firing was indulged in at the靶. The medal was won by George W. Merrill.

Mr. Merrill, the winner of the medal this match, is still alive and takes an active interest in the company. He is engaged in active business in Bangor. On the occasion of a recent visit to Portland he brought with him a medal won by him in the competition.

The Portland Light Infantry has had a long and honorable career, extending over a period of nearly a century. The company was mustered into service June 6th, 1864, and on Saturday, June 6th, 1896, it celebrated its 32nd anniversary. The company is now composed of 30 men, and the first trip of the Bangor Fall River the first scheduled game and the second was postponed by rain. These are the only games away this year which the Bangors have been prevented from playing by rain.

Today and tomorrow the Bangors will play at New Bedford. They will return home on Thursday morning, and on Thursday and Friday will play Fall River. Bangor has beaten Fall River 3 out of 4 games played this season.

The leaders in the New England League are closely bunched and it promises to be a close struggle all the season. Bangor is only 3 games behind Fall River.

A report of game for the Bangor General Hospital is being talked up by the players who participated in a similar contest last year, when about \$300 was cleared for the hospital, and the contest will probably be arranged for some day during the next trip away of the Bangors. The game will undoubtedly draw a large crowd.

His Precious Ministry at Auction.

It is known that this city, but now living in South Hadley Falls, Mass., has been in the city for some time. For several years he was employed in the book store of Bellamy & Henshaw. Noah Webster was a daily reader of the book store. When Mr. Webster had his dictionary placed on the market, the success of the effort was problematical, and much to his credit he saw an advertisement in the New Haven paper offering to sell at auction, among other articles, this book. He went to the store of Mr. Booth, the book seller in New Haven.

"Is it true," said Mr. Webster in a trembling voice, with eyes very moist, "that you have sold my dictionary?"

"Am you Mr. Webster?" said Booth.

"I am," said Mr. Webster.

"I have sold your dictionary," said Booth.
